Method of Evaluation

Method of Evaluation	
Attendance	10%
Class Participation	15%
Homework	20%
Quizzes	25%
Final Exam	30%
Total	100%

Grading Scale

Grading Scale			
Letter Grade	Numeric Grade	Description Legend	Quality Points
A	90% - 100%	Excellent	4
B	80% - 89%	Good	3
C	70% - 79%	Satisfactory	2
F	0% - 69%	Failure	0
I		Incomplete	
P		Pass (Clinical)	
NP		Not Passed (Clinical)	
S		Satisfactory (Clinical)	
U		Unsatisfactory (Clinical)	
W		Withdraw	
R		Repeated Course	
TC		Transfer Credit (not calculated in GPA)	

Calculation of a student's GPA is weighted based upon the number quality points earned. Quality points earned are determined by the number of hours assigned to a particular course multiplied by the quality points awarded for the letter grade earned in this course. The total calculated quality points are then divided by the total number of hours completed to determine the GPA.

For example, a course is defined as being 24 clock hours and the final grade received is a "C". As defined in the above Grade Chart, the "C" grade is worth 2.00 quality points. For a 24-hour course, the total number of quality points awarded would be 24 times 2.00 or 48 total quality points. The total calculated quality points are then divided by the number of clock hours completed to determine the GPA.

All didactic and laboratory courses with a grade of “A”, “B”, “C”, and “F” enter the GPA calculation. All courses with a grade of “A”, “B”, “C”, and “F” are also included in the Rate of Progress/Passed Measurement calculation as hours attempted and as hours earned. All didactic and laboratory courses with a grade of F are also included in the Rate of Progress/Passed Measurement calculation as hours attempted, but not as hours earned.

A grade of “I” is given when a student is unable to complete course requirements due to extenuating circumstances. The student has up to 2 calendar days from the last scheduled day of the course to complete the remaining work. If the work is not completed within this period, the Incomplete item will be scored as a zero and the final grade calculated accordingly. This grade does not affect the student's CGPA until it is finalized. If the course is a prerequisite, the student will be dropped from any subsequent courses if the Incomplete is not resolved within the given timeframe.

A grade of “P” is given for courses designated as pass/not passed. A grade of “P” does not enter the GPA calculation. A grade of “P” is included in the Rate of Progress/Passed Measurement calculation as both hours attempted and as hours earned.

A grade of “NP” is given for courses designated as pass/not passed does not enter the GPA calculation. A clinical course with a grade of “NP” is included in the Rate of Progress/Passed Measurement calculation as hours attempted, but not as hours earned.

A grade of “W” is listed on the transcript for any course a student officially and unofficially withdraws from before the end of the scheduled course. Grades of “W” do not enter the GPA calculation. A grade of “W” is included in the Rate of Progress/Passed Measurement calculation at hours attempted, but not as hours earned.

A grade of “R” is given solely if a student repeats a course. The grade received in the most recent completion of the course will be the grade used in the calculation of the GPA. Upon receiving a punitive grade for the repeated course, the original course grade will be changed to an “R.” A grade of “R” is not entered into the GPA calculation. A grade of “R” is used to calculate the Rate of Progress/Passed Measurement as both hours attempted and hours earned.

The clinical experience is graded in the following manner:

Final Grade:

P - Pass

NP – Not passed

Competency rating:

S - Satisfactory

U- Unsatisfactory-consistently needs supervision to perform objectives competently or perform objective incompetently. More than two unsatisfactory clinical evaluations in a term may result in an unsatisfactory for the course associated with the clinical and may result in failure of the course.

Section 3: Attendance Policies

Attendance/Tardiness, Make-Up Standards

Students are expected to attend all classes, be on time for classes, remain in class for the entire duration of the class, and be an active participant in their class. Students who arrive for class after the scheduled start time will receive a tardy on their attendance record. Students who leave class before the scheduled dismissal time will be marked as having left early on their attendance record.

Definition of Absent:

- Students that arrive more than 15 minutes after class begins
- Students that leave more than 15 minutes before class ends
- Students that return from break more than 15 minutes after class begins
- Three tardies is equivalent to one absence.

Definition of Tardy:

- Students that arrive 1 to 15 minutes after class begins
- Students that leave class 1 to 15 minutes before class ends
- Students that return from break 1 to 15 minutes after class begins

Students who accumulate a total of three or more late arrivals and/or early departures will be placed on probation for the remainder of the course/module and be required to see the Student Services Coordinator for counseling.

It is the student's responsibility to make up the absence time, as well as complete any assignments, exams, or their work missed. Make-up hours must be prearranged with the instructor and must be completed outside of normally scheduled class hours. Only time spent on instructor-approved activities at the school will count as make-up hours.

- Prior to making up time, obtain a make-up slip from the front office, or from the instructor.
- Attend the makeup class or clinical with the assigned Instructor.
- Have the instructor with whom you assigned to sign your make-up slip when you complete the hours.
- Upon returning to your regular class, give the make-up slip to your instructor.
- Nurse Assistant Training and Phlebotomy Training program students must confer with their instructor and/or their Program Director for other acceptable methods of making up time.

As a requirement of the Board of Vocational Nursing & Psychiatric Technicians (BVNPT) and California Department of Public Health (CDPH). Students must complete the board approved program hours for the (Theory, Skill Lab and clinical) to graduate from the program.

Any student who does not attend at least 100% of the scheduled class time will be placed on

academic probation for the next course/module. The Director of Nursing will determine the status of the academic progress of the student. Otherwise, one of the following actions may be taken:

- The Director of Nursing may determine that the student is maintaining academic progress and may continue class on academic probation status until the end of the next course/module,
- The Director of Nursing may determine that the student is not maintaining academic progress, and the student will be withdrawn from the course/module; or
- The Director of Nursing may determine that the student is not maintaining academic progress in general, and the student will be withdrawn.
- The Director of Nursing may determine regarding student dismissal for the following reasons: Consecutive absences, failure to maintain 100% cumulative attendance, excessive tardiness or early departures and failure to meet the terms of attendance probation.

Academic Probation

Students may be placed on academic probation during any course (didactic, lab and/or clinical evaluations) if a grade of less than a “C” is achieved.

If a student is placed on academic probation, he/she must meet with the instructor and school director to prepare a probationary plan of action explicitly stating expectations that must be met during the probationary period. The probationary plan identifies the areas of concern and the goals for improvement. The probation plan of action is designed on an individual basis and is not calculated into the overall course grade, nor is it considered “extra credit”. The consequence of failing to meet the level of expectations and failing to ultimately receive a passing grade for the course will result in the offer of a remedial plan of action.

A plan for improvement will be initiated with specific due dates. Academic probationary status is lifted once the student has met the expectations as defined within the probationary plan of action and has completed the course in satisfactory academic standing. A student receives a final passing grade for the course after being placed on probation. This final grade will be reflected in the student’s transcript.

Disciplinary Probation

During study students must always adhere to Los Angeles Career College’s Standards of Conduct. Disciplinary probation status is given consequently when a student disregards the boundaries of acceptable behavior outlined in this catalog. Students who violate any of the stated school or program policies may be placed on disciplinary probation. A written disciplinary probation is an official notice for a specified period during which a student must demonstrate conduct that conforms to Los Angeles Career College’s Standards of Conduct. Assigned discipline may include a combination of sanctions for a particular incident. Misconduct during the probationary period or violation of any conditions of the probation

will result in further disciplinary action, normally in the form of termination. Disciplinary probation status does not prohibit a student from being placed on academic probation.

Leave of Absence

Students may request a leave of absence (LOA) for medical reasons, financial difficulties, military duty, personal difficulties, and jury duty. Students may also request administrative leave when a course that is needed is not available. A LOA shall be reasonable in duration, usually not to exceed 60 calendar days. One LOA may be granted during a 12-month period. Students must adhere to the following procedures when requesting a LOA.

- Students in need of a LOA must contact the department directors. LOA requests must be supported by the appropriate documentation.
- Students cannot be granted a LOA to avoid being dismissed because of lack of satisfactory academic progress or failure to fulfill the requirements of attendance.
- The Director of Nursing will approve or deny LOA requests.
- If the student is not in attendance on their scheduled return date, the student will be withdrawn.

Termination

The institute reserves the right to suspend or dismiss any student who:

- Uses or is under the influence of alcoholic beverages or illegal drugs on or adjacent to institute property or at clinical externship sites.

Section 4: Dress Code

Section 5: Grounds for Dismissal

Students in classroom or in clinical setting are expected to perform in a manner that ensures safety. If a student demonstrates unsafe behavior related to the course, or behavior that is unacceptable as defined by the school, the student will be dropped.

Examples of unsafe behavior/practice:

- Not reporting an error to the clinical site supervisor. Failure to perform clinical skills appropriate to their level of training.
- A student behavior that presents a threat to safety and well-being. Attempting to administer patient care beyond their level of training.

A pro rata refund pursuant to section 94919(c) or 94920(d) or 94927 of the Code shall be no less than the total amount owed by the student for the portion of the educational program provided, subtracted from the amount paid by the student, calculated as follows:

(1) The amount owed equals the daily charge for the program (total institutional charge, divided by the number of days or hours in the program), multiplied by the number of days the student attended, or was scheduled to attend, prior to withdrawal.

$$\text{Amount Owed} = \left(\frac{\text{Total Institutional Charges}}{\text{Total Program Hours}} \right) \times \text{Number of Hours Attended}$$
